SDGs Directly Supported:

SDG4 – Quality Education

SDGs Indirectly Supported:

SDG1 – No Poverty

SDG10 – Reduced Inequalities

SDG17 – Partnerships for the Goals

SDG11 – Sustainable Cities & Communities

SDG9 – Industry, Innovation, & Infrastructure

Lifelong Learning Policy

CHAITANYA is committed to promoting lifelong learning and ensuring inclusive access to education for all, regardless of age, background, or status. The university supports the United Nations Sustainable Development Goal 4 (Quality Education), focusing on inclusive and equitable education and lifelong learning opportunities for all.

Library Access: The CHAITANYA library is open to the public, offering free access to books, journals, and digital resources during designated hours. This supports research, self-study, and skill development for the local community, including rural, low-income, and marginalized groups.

Computers and Internet: Free access to computers and high-speed internet is provided in public areas to facilitate online learning, research, and digital skill-building for non-students.

Online Courses and Lectures: CHAITANYA shares free online courses and open lectures through its e-learning platform. These resources cover technology, sustainable development, and general education, accessible to anyone.

Community Workshops: The University organizes free workshops, seminars, and awareness campaigns for the public. Topics include digital literacy, environmental awareness, career guidance, and sustainable living.

Executive Education and Vocational Training: CHAITANYA offers certificate courses and skill development workshops for working professionals,

alumni, and community members. These are often delivered in partnership with industry and through online platforms to ensure flexibility and inclusivity.

Educational Outreach: CHAITANYA regularly visits local schools, especially in rural and marginalized areas, to conduct interactive sessions, career guidance, and subject-specific demonstrations. Student-led outreach projects, such as literacy drives and environmental campaigns, are encouraged and supported.

Public Awareness Campaigns: Public lectures, seminars, and exhibitions are held on topics like climate change, gender equality, and sustainable living. These events are open to all and often feature external experts, NGOs, and government representatives.

Inclusive Access and Non-Discrimination:

CHAITANYA ensures barrier-free access to all academic, research, and extracurricular activities. The campus is wheelchair accessible, and special accommodations are available for individuals with disabilities.

The university upholds a Non-Discrimination and Equal Opportunity Policy, prohibiting discrimination based on ethnicity, religion, disability, immigration status, gender, sexual orientation, or any other personal characteristic. Gender equality is actively promoted through gender sensitivity training, safe campus policies, and support networks for women.

4.3.1 - Does your university as a body provide free access to educational resources for those not studying at the university, e.g. computers, library, online courses, access to lectures, etc?

Yes, CHAITANYA (DEEMED TO BE UNIVERSITY) actively promotes equitable access to quality education for learners beyond its enrolled students. The university provides free and open access to a range of educational resources and opportunities for individuals not formally studying at the institution.

The Central Library serves as a knowledge hub not only for students and staff but also for external learners and researchers. It provides access to an extensive collection of books, journals, and digital resources. The library also organizes training sessions, workshops, and awareness programmes on information literacy and effective resource utilization, which are open to the public.

Our university welcomes the public to attend many of our lectures and learning events. This helps people from outside the campus also gain new knowledge and stay updated.
We allow school students and community members to use our computer labs during special outreach visits. This gives them hands-on experience with technology and supports digital learning.

We share lecture resources through our website, so that anyone interested can learn and benefit from them even without being a student here.

The university operates and provides external access to specialised mobile scientific/educational infrastructure. The photographs substantiate institutional cross-sharing of technical resources, showing how the university opens mobile laboratories and instructional equipment to community stakeholders and visitors outside the regular student body to learn about technical domains.

Video Lectures:

Chaitanya Deemed to be University has been actively promoting academic enrichment through guest lectures and subject-oriented video lectures delivered by faculty members and subject

experts. These lectures are designed to enhance students' conceptual understanding, strengthen subject knowledge, and provide additional learning resources beyond the regular classroom curriculum.

The lectures cover various interdisciplinary subjects, including Plant Disease Resistance, Krebs's cycle, Fresnel's biprism, glycolysis, sterilization, Classification of Antibiotics, Water Stress, and Symbiotic and Free-Living Microorganisms.

The sessions focus on explaining complex scientific concepts through simplified teaching methodologies, visual presentations, practical examples, and step-by-step explanations. These lectures help students understand important scientific principles, improve their analytical and problem-solving abilities, and prepare effectively for academic examinations and future professional challenges.

The recorded lectures are also made available through the official YouTube channel of Chaitanya Deemed to be University, enabling students to access the learning materials anytime and supporting continuous and self-paced learning.

Outcome of the Guest Lectures:

1. Enhanced subject knowledge and conceptual understanding among students.
2. Improved interdisciplinary learning and academic engagement.
3. Simplified understanding of complex scientific concepts.
4. Encouragement of independent and self-paced learning.
5. Improved accessibility to quality educational resources through digital platforms.

Overall Outcome: These guest lectures contribute to improving the quality of teaching and learning at Chaitanya Deemed to be University by integrating expert knowledge, digital learning resources, and innovative teaching practices.

Central Library:

The Central Library of Chaitanya Deemed to be University serves as an important academic resource centre, supporting the teaching, learning, research, and overall intellectual development of students and faculty members. The library provides access to a wide collection of textbooks, reference books, academic publications, and subject-specific learning materials covering various disciplines.

The library is equipped with well-organized bookshelves and systematically arranged collections, enabling students and faculty members to easily identify and access the required resources. It provides a conducive environment for reading, reference, self-learning, and academic research. The collection supports various academic programmes by offering relevant resources for curriculum-based learning, competitive examinations, project work, and research activities.

The Central Library encourages students to develop reading habits, improve their knowledge, enhance their analytical skills, and engage in continuous learning. It also supports faculty members in preparing teaching materials, updating subject knowledge, and undertaking research activities.

Key Facilities and Activities:

1. A wide collection of textbooks and reference books across different disciplines.
2. Systematic arrangement and classification of library resources.
3. Reading and reference facilities for students and faculty.
4. Academic support for teaching, learning, and research activities.
5. Encouragement of independent learning and knowledge development.
6. Access to subject-related resources for academic projects and examinations.

Overall Outcome:

The Central Library plays a vital role in strengthening the academic environment of Chaitanya Deemed to be University. It promotes a culture of reading, research, knowledge sharing, and lifelong learning among students and faculty members, contributing to the university's commitment to academic excellence.
