SDG9 – Industry, Innovation, & Infrastructure

Lifelong Learning Policy

CHAITANYA is committed to promoting lifelong learning and ensuring inclusive access to education for all, regardless of age, background, or status. The university supports the United Nations Sustainable Development Goal 4 (Quality Education), focusing on inclusive and equitable education and lifelong learning opportunities for all.

Library Access: The CHAITANYA library is open to the public, offering free access to books, journals, and digital resources during designated hours. This supports research, self-study, and skill development for the local community, including rural, low-income, and marginalized groups.

Computers and Internet: Free access to computers and high-speed internet is provided in public areas to facilitate online learning, research, and digital skill-building for non-students.

Online Courses and Lectures: CHAITANYA shares free online courses and open lectures through its e-learning platform. These resources cover technology, sustainable development, and general education, accessible to anyone.

Community Workshops: The University organizes free workshops, seminars, and awareness campaigns for the public. Topics include digital literacy, environmental awareness, career guidance, and sustainable living.

Executive Education and Vocational Training: CHAITANYA offers certificate courses and skill development workshops for working professionals,

alumni, and community members. These are often delivered in partnership with industry and through online platforms to ensure flexibility and inclusivity.

Educational Outreach: CHAITANYA regularly visits local schools, especially in rural and marginalized areas, to conduct interactive sessions, career guidance, and subject-specific demonstrations. Student-led outreach projects, such as literacy drives and environmental campaigns, are encouraged and supported.

Public Awareness Campaigns: Public lectures, seminars, and exhibitions are held on topics like climate change, gender equality, and sustainable living. These events are open to all and often feature external experts, NGOs, and government representatives.

Inclusive Access and Non-Discrimination:

CHAITANYA ensures barrier-free access to all academic, research, and extracurricular activities. The campus is wheelchair accessible, and special accommodations are available for individuals with disabilities.

The university upholds a Non-Discrimination and Equal Opportunity Policy, prohibiting discrimination based on ethnicity, religion, disability, immigration status, gender, sexual orientation, or any other personal characteristic. Gender equality is actively promoted through gender sensitivity training, safe campus policies, and support networks for women.

4.3.4 - Does your university as a body undertake educational outreach activities (e.g. tailored lectures or demonstrations) beyond campus, e.g. in local schools, in the community, including voluntary student-run schemes?

Yes, CHAITANYA (DEEMED TO BE UNIVERSITY) actively undertakes a wide range of educational outreach activities beyond its campus to promote inclusive learning and community development. These initiatives are designed to extend the benefits of higher education to local schools, rural communities, and underrepresented groups through both institutional and student-led efforts.

Faculty members and students regularly engage in community lectures, school visits, and interactive demonstrations that inspire young learners and raise awareness on topics such as STEM education, environmental sustainability, digital literacy, and health awareness. These programmes are customized to suit the needs of school students and community members, making learning engaging and accessible.

CHAITANYA community and Unnat Bharat Abhiyan initiatives enable students to participate in voluntary teaching, mentoring, and awareness campaigns in rural and semi-urban areas. Through these, the institution nurtures social responsibility, civic engagement, and empathy among students while uplifting the surrounding communities.

Additionally, departments organize outreach workshops, science exhibitions, and career guidance sessions for school students and teachers to foster curiosity, innovation, and academic preparedness. The NSS and NCC units of CHAITANYA also contribute significantly by conducting literacy drives, educational camps, and training programmes in collaboration with local organizations and NGOs.

Through these continuous outreach efforts, CHAITANYA ensures that education transcends institutional boundaries, empowering communities and reinforcing the university's commitment to "Education for All".

CHAITANYA
(DEEMED TO BE UNIVERSITY)
(Approved u/s. 3 of UGC act. 1956 by MHRD, Govt. of India)

We share lecture resources through our website, so that anyone interested can learn and benefit from them even without being a student here.

The institution runs extensive educational outreach schemes directly within local communities and regional schools. Student-led voluntary campaigns use creative public performance (flash mobs), targeted legal/digital safety workshops, and primary school teaching sessions to deliver critical health and civic education outside the institutional walls.

INSTITUTION'S INNOVATION COUNCIL (Ministry of Education Initiative)

Chaitanya Deemed-to-be University Students Organize Flash Mobs for Social Awareness

DECCAN NEWS SERVICE
HYDERABAD

Demonstrating a strong sense of social responsibility and a commitment to fostering awareness among youth, students from Chaitanya Deemed-to-be University (located in Himayatnagar, Mahabad Mandal) organized a series of flash mob performances today at prominent intersections across Hyderabad city.

Dr. Ch. Sathvika Reddy, Director and Chief Administrative Officer of the University, stated that the primary objective of this initiative was to raise awareness about the harmful effects of substance abuse and smoking—issues that are increasingly emerging as serious threats to public health, particularly among young people.

Designed to capture public attention, the flash mob performances featured a dynamic blend of music, dance, and impactful visual storytelling. Dressed in coordinated attire, the students initially appeared as ordinary pedestrians before seamlessly transitioning into energetic contemporary dance sequences. This creative approach symbolized how substance abuse often remains hidden within society.

The performances concluded with powerful slogans such as "Say No to Drugs" and "Say No to Smoking," which echoed across busy intersections and drew significant public attention.

Beyond entertainment, the event delivered a strong and meaningful social message. Through placards, expressive gestures, and dramatic enactments, the students effectively depicted the physical, emotional, and social consequences of addiction. They highlighted how substance abuse and smoking can disrupt families, damage careers, and adversely affect overall well-being.

The students also emphasized the importance of making informed decisions, resisting peer pressure, and seeking help when needed—key factors in preventing addiction.

Public participation added to the success of the event. Many passersby paused to watch the performances, record videos, and interact with the participants. Several observers noted that such live, creative demonstrations are more impactful than conventional awareness campaigns.

Faculty members and university officials commended the students for their creativity, dedication, and thoughtful execution. They emphasized that educational institutions play a vital role not only in academic development but also in shaping socially responsible citizens.

The University reaffirmed its commitment to organizing similar large-scale awareness initiatives in the future to address pressing social issues.

The event witnessed active participation from students, faculty members, staff, and Gade Rambabu Reddy Assistant Registrar and Public Relations officer.

Yoga Promotes Health, Mental Well-being and Balanced Living: Dr Sathvika Reddy

DECCAN NEWS SERVICE
HYDERABAD

International Yoga Day was observed at Chaitanya (Deemed to be University), Himayatnagar campus in Moinabad mandal of Ranga Reddy district on Sunday, with students, faculty members, researchers and staff participating in yoga sessions.

Speaking on the occasion, Director and Chief Administrative Officer Dr Ch. Sathvika Reddy said yoga was one of India's important contributions to the world and played a significant role in promoting physical health and mental well-being. She said yoga helps people deal with stress, anxiety and lifestyle-related health issues while improving mental balance and positivity.

Stating that yoga is not merely a physical exercise, Dr Sathvika Reddy described it as a way of life that brings harmony between the mind, body and soul. She said regular practice of yoga contributes to physical fitness, mental peace, emotional stability and self-awareness. Referring to the growing acceptance of yoga across the world, she said it reflected the relevance of India's cultural heritage.

She urged students to make yoga a part of their daily routine and stressed the need to maintain good health along with academic excellence for overall development.

Vice-Chancellor Prof. G. Shankar Lingam said regular practice of yoga helps develop discipline, concentration, patience and self-confidence, which are essential for personal and professional growth. He said yoga serves as an effective means of promoting health, harmony and balanced development in society.

As part of the programme, students and faculty members performed various yoga asanas and pranayama exercises, highlighting the benefits of yoga for physical fitness, mental clarity and emotional well-being.

Registrar Prof. M. Ravinder, Dean (Administration) Prof. A. Raju, Physical Directors Madhusudan Reddy, Koteswaramy, Ramu and Rajesh, Assistant Registrar and Public Relations Officer Gade Rambabu Reddy, faculty members, researchers, students and staff attended the programme.
