

CONTENTS

S. No	Title of the article	Page No
1.	Current trends in designing of microbial enzymes; protein engineering, directed evolution and Metagenomics approaches , <i>Jeevan Chandra Sakinala, Department of Microbiology, Chaitanya (Deemed To Be University), Warangal, Teangana, India</i>	1-12
2.	Metagenome analysis of various bacteria found in river Ganga and it's tributaries - an integrative study, <i>Vaddem Kiran Kumar, Central Pollution Control Board, Regional Directorate, Kolkata 700135</i>	13-19
3.	A rare case of klinefelter's syndrome with Iso x chromosome, <i>kishore rayilla, mukesh agrawal, sujatha madireddi*, Department of Cytogenetic, vimta labs ltd, Hyderabad, Telangana, India.</i>	20-23
4.	Isolation of Bio-surfactant Exhibiting Bacteria from the Northern Regions of India and Their Phylogenetic Relationships, <i>Shikha Kapil, Irom Bipin Kumar, Tarun Kumar, Ipasha Sharma*, University Institute of Biotechnology, Chandigarh University, Gharuan, Mohali</i>	24-38
5.	Chemical analysis of renal stones in Telangana population, <i>Lavaynya and Pogu Srinivas, Krishna Insitue f Medcal sciences, Hyderabad.</i>	39-43
6.	Isolation of Keratonophilic fungi and related dermatophytes from the soil, <i>B.S.Anuradha*, & E.Manoj Kumar Reddy, Department of Microbiology, Chaitanya Deemed to be University Hanmakonda T.S</i>	44-50
7.	Development and validation of new RP-HPLC method for the quantitative estimation of secnidazole in tablet dosage form, <i>Raja abhilash Punagoti* Department of Pharmaceutical Analysis, Sri Kakatiya Institute of Pharmaceutical Sciences, Unikicherla, Warangal, Telangana, India</i>	51-57
8.	Pivotal Role of rhizobacteria in induced drought resistance in crop plants. P. Shilpaveni, K. Rajani and S Jeevan Chandra, <i>Department of Microbiology, Chaitanya Deemed To Be University Hanmakonda T.S, India</i>	58-63
9.	Albendazole and its biotransformed metabolites as inhibitors of Glutathione peroxidase (GPx1): A potential target for cancer treatment: An in silico study, <i>Department of Biochemistry, Chaitanya Deemed To Be University Hanmakonda T.S, India</i>	64-69
10.	A frame work for the isolation and characterization Of potent plant growth promoters Saikishore Kumar and, Suma. S <i>Department of Biochemistry Chaitanya (Deemed to be University), Hanamkonda, Warangal Urban-506001, Telangana, INDIA</i>	70-76
11.	Isolation of microorganisms from various agricultural soils of Warangal district. Neeraja Pittala and Sreelatha Beemagani, <i>Department of Microbiology, Chaitanya Deemed to be University. Hanamkonda</i>	77-82
